WHEREAS, NJSA 40A:5-14 requires the Borough of Bogota to adopt a Cash Management Plan annually;

WHEREAS, this Cash Management Plan shall be designated to assure to the extent practicable the investment of local funds in interest-bearing accounts, and may be modified from time to time in order to reflect changes in Federal or State law or regulations;

NOW, THEREFORE, BE IT RESOLVED, that the Borough of Bogota adopts a Cash Management Plan for 2020.

Cash mgt plan

CASH MANAGEMENT PLAN AND SURPLUS POLICY

The purpose of the Cash Management Plan (the "Plan") is to provide the Borough of Bogota (the "Borough") with maximized current interest income earnings that are consistent with providing liquidity and preservation of principal. This plan is in compliance with the requirements of N.J.S.A. 40A:5-14, which regulates investments by County and local government units and is administered by the New Jersey Division of Local Government Services.

The Plan establishes the policies and administrative framework regarding cash flow budgeting, investments and financial institutions including banks and joint government investment programs as permitted by N.J.S.A. 40A:5-15.1 and P.L. 1997, Chapter 148 enacted June 30, 1997.

As required to implement the Plan, the Borough CFO is authorized to establish account relationships with designated depositories on the CFO's signature in accordance with the statutes controlling the activities of the Chief Financial Officer. To securely, efficiently and expeditiously move funds among the depositories accordingly, of certain employees that should be authorized to affect transfers between accounts and to affect investment on behalf of the Borough.

Any bank providing documentation of qualification under the Governmental Unit Deposit Protection Act can be chosen as a depository of Borough funds. However, the decision as to which bank shall receive those funds and in what concentration shall be made in accordance with the guidelines adopted by the Borough based on information supplied by both external rating agency services and by interviewing of bank staff by the CFO. The ultimate decision in choosing depositories is based on the maximum safety of those funds.

To assure that the Borough is receiving fair and competitive value from its relationships, the Borough CFO will undertake, at least annually, a review and analysis of those relationships. The review shall include, but not be limited to, an analysis of balances, fees and charges, services provided, earnings credited and interest rates paid or allowed on accounts established by the Borough. Further, the Borough CFO shall examine at least twice each year the services offered and the charges and rates available for the provision thereof in the banking community to insure a competitive atmosphere for the acquisition of the state of the art services for the Borough.

Reports

Monthly, the Borough CFO shall prepare a report for the Mayor and Council, which shall include a summary of all investment activity as well as a compilation of deposits by depository and account number. The report shall include all new accounts established, if any.

Cash Flow Budgeting

The Plan acknowledges that an accurate cash flow budget is a prerequisite to the effective management and utilization of the Borough's cash balances.

Prior to the beginning of each budget year, the Borough CFO shall cause to be prepared a monthly projection of all anticipated receipts and disbursements for the major operating accounts of the Borough of Bogota for the coming year. During the course of the year, the CFO shall provide in a monthly report an updated cash flow projection for the remainder of the year, by month, as well as a record of actual cash flows of the prior month.

Cash Management Plan (con't)

The information derived from the cash flow projections will be utilized by the CFO in designing an investment strategy that is consistent with the projections.

The anticipated cash requirements as evidenced by the projections when considered in conjunction with current projected market trends for interest rates shall be used to construct an appropriate investment portfolio matrix. The portfolio shall be at all times cognizant of cash needs and market conditions as evidenced by the yield curve of eligible investment instruments.

In all cases of relationships institutions, the CFO shall be aware, through the utilization of an external rating source, that the total funds on deposit or invested with any single institution will be in accordance with the parameters adopted annually to establish limits for deposit concentration among designated depositories.

The Borough reserves the right to reject quotations and withhold deposits from any institution deemed by the CFO, based on the data from a rating service, to be at financial risk.

Banking Relationships

The Borough acknowledges that banking relationships help form the foundation upon which an effective and efficient cash management program is developed.

Relationships that involved provision of specialized or customized services that the Borough deems essential should be evidenced in writing and should include information regarding fees and charges as well as methodology used to compensate the bank providing these services.

Surplus Policy

The Borough fully appreciates that a healthy surplus is a significant contributor to positive cash flow planning, limits the need for short term financing and is the bedrock of planning for future budget years.

The Borough strives to re-establish a cash surplus that is equal to 4 to 7% of current fund budgets. In addition, the Borough fully recognizes that the only cash surplus that should be utilized in any current fund budget should only be the amount that barring unforeseen circumstances can be re-generated through operations.
